EXPERIENCE

Junior UI UX Designer

Spangles Infotech (Nov 2024 – Present)

I contributed to the design and user experience of Dashboard web and mobile applications by collaborating closely with senior designers, developers, and product teams.

PROJECTS

UI Design

School Management Dashboard

Designed a comprehensive web-based dashboard for school management, enabling seamless administration of student data, attendance, academic performance, and teacher scheduling.

UI UX Case Study

Cooking and Catering Service

Designed a user-centric booking platform for a cooking and catering service, aimed at enhancing customer engagement and streamlining the booking process for events, cooking classes, and meal preparation.
