SUMMARY

Dynamic and detail-oriented Computer Science graduate with a strong foundation in software development and a proven track record of building innovative projects using cutting-edge technologies. Proficient in **Java, Python, and Javascript**, with a solid understanding of **data structures, algorithms, object-oriented design, and complexity analysis**.

PROJECTS

AI-Powered Travel Planner November 2024 – November 2024

Technologies: Python, Django, SQL, APIs (Google Maps, OpenWeatherMap), Scikit-learn, React

- Built a Django-based web application that generates personalized travel itineraries using AI algorithms, integrating user preferences like budget, travel dates, and activity types.
- Designed and optimized SQL databases to manage user profiles, location data, and trip itineraries, ensuring fast query performance. Integrated Google Maps API for navigation, OpenWeatherMap API for live weather updates, and external booking APIs for seamless trip planning.

Event Management System

October 2024 – October 2024

Technologies: React, Node.js, Express.js, MongoDB, Bootstrap

- Developed an event management system using the MERN stack, allowing users to create, view, and manage events with full CRUD functionality.
- Integrated secure authentication to personalize user experiences and streamlined event creation workflows for enhanced functionality.

GI Disease Prediction Using XAI

January 2024 – May 2024

Technologies: Python, CNN, XAI

- Built a CNN-based model to classify gastrointestinal diseases with 90% accuracy, incorporating XAI techniques for decision transparency.
 - Utilized Python for development, adhering to software principles, and documented all stages of the process.
-

EDUCATION

Bachelor of technology in Computer Science & Engineering

November 2020 – May 2024

Parala Maharaja Engineering College

- Relevant coursework : DSA, OS, AI/ML, Networking, DBMS, OOP
-

ADDITIONAL INFORMATION

- Technical Skills: Java, Javascript, Python, React, Node.js, Express.js, SQL, NoSQL, Django, HTML, CSS, Tailwind, Git, SDLC
- Languages: English, Hindi, Odia
- Certifications: Web Developer (Eduonix), Python (Cisco)
