Bhubaneswar, Odisha, 751001

OBJECTIVE

Seeking a role in a dynamic industry where I can continuously enhance my skills and drive the company's growth and success. Meticulous software professional with 8 Month of experience in the software development lifecycle. Skilled in gathering and defining requirements, managing documentation, and optimizing code for efficient and effective solutions.

SKILLS

- **Programming Languages:** C, Java, PHP, React.js (Beginners)
- **Web Technologies:** HTML, CSS, Java Script, Bootstrap, Tailwind CSS (Beginners)
- **Database Systems:** MySQL

EXPERIENCE

- **IIG Technology** Present
Associate Software Developer Bhubaneswar, Odisha
 - **Developed** custom modules in SuiteCRM & OpenEMR, reducing manual data entry by 30% and streamlining workflows.
 - Designed responsive pages using HTML, CSS, and React.js to improve user experience and accessibility across devices.
 - Currently leading a small team and working on a React project that includes responsive page design and API integration.
 - **Implemented** PWA solutions, boosting mobile user engagement by 25%.
 - **Optimized** OpenEMR performance, enhancing system efficiency by 20%.
 - **Customized** and integrated OpenEMR and SuiteCRM, improving interoperability and user experience.
- **IIG Technology** 11/2023 – 07/2024
Software Development Intern Fulltime
 - **Customized** OpenEMR, enhancing system functionality and improving user experience.
 - **Designed and implemented** responsive web pages, ensuring cross-device compatibility and increased accessibility.
 - **Developed** a JSP-based leave management system, streamlining the leave application and approval process.
- **OCAC Bhubaneswar** 06/2023 – 07/2024
