EDUCATION

2016 – 2020

B.TECH (CSE) Galgotias University, Greater Noida, U.P

CORE COMPETENCIES

- User Interface Design
- User Experience Optimization
- Coding Development
- Requirement Gathering
- Unit Testing
- Integration Testing
- Project Management
- Database Management
- API Design
- Incident Resolution
- Test Case Development
- Performance Optimization
- Cross-Functional Collaboration

TECHNICAL SKILLS

Front End Technologies:

Proficient in ReactJS, VueJS, Redux, Vuex, JavaScript, HTML, CSS, TailwindCSS, Cypress, React-Query, Jest, and Git.

Back End Technologies:

Skilled in NodeJS, ExpressJS, PostgreSQL, Prisma, Swagger, and JSON-server.

SOFT SKILLS

PROFILE SUMMARY

- **Over 2.7 years of experience** in front-end development with basic to intermediate knowledge in backend development, with a strong focus on ReactJS, VueJS, and other modern technologies.
- Demonstrate **effective leadership and project management skills** as a **Software Development Engineer at Innostax Software Labs**, making impactful contributions from the outset.
- Possess strong soft skills including **communication, time management, adaptability, critical thinking**, and a passion for continuous learning.
- Proficient in **leading and mentoring junior developers** to meet project deadlines, enhancing their JavaScript proficiency and fostering discussions on best practices, showcasing strong leadership and mentorship skills.
- Spearheaded the **successful optimization of the application at Samsung SDS**, resulting in a significant improvement in speed and a substantial increase in user satisfaction, driving impactful contributions to the team's success.
- Proficient in **full-stack development**, adept at handling end-to-end project lifecycles, from client interactions to deployment.
- **Self-driven with a passion for technology**; skilled in grasping the big picture and conceptualizing, developing & applying appropriate, practical technology/mix of technologies that meet business needs while minimizing risks and ensuring the management of design phases in compliance with quality standards.

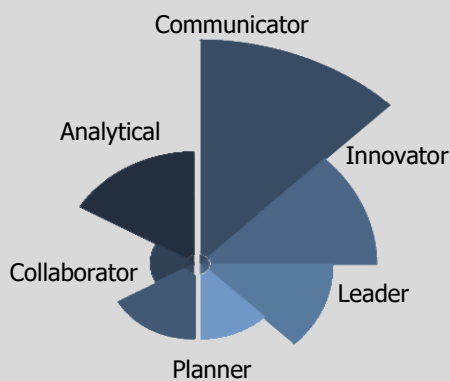

PROFESSIONAL EXPERIENCE

Nityo Infotech (Employer), Samsung SDS (Client), Gurugram
Software Development Engineer

July '23 - Oct '23

Key Results Areas:

- Mentored and guided junior developers to meet project deadlines, enhancing their JavaScript proficiency and fostering discussions on best practices.
- Demonstrated adaptability and quickly grasped project requirements, positively impacting progress from the initial stages.
- Collaborated with the team to optimize the application for improved speed and enhanced user experience.
- Developed, tested, and maintained high-quality software solutions in a collaborative team environment.
- Participated in the full software development life cycle, including requirements analysis, design, coding, testing, and deployment.
- Collaborated with cross-functional teams to define software requirements and specifications.
- Implemented software solutions using languages and framework such as [JavaScript, VueJS], ensuring code quality and efficiency.
- Conducted code reviews to ensure adherence to coding standards and best practices.
- Troubleshoot and debugged software issues, ensuring timely resolution.
- Stayed updated on industry trends and emerging technologies to contribute to the continuous improvement of software development processes.

Innostax Software Labs Pvt Ltd, Gurugram Software Development Engineer

Apr '21 - June '23

Key Results Areas:

- Led a project with a team of 2 developers, showcasing effective leadership and project management skills.
- Conducted comprehensive code reviews and provided constructive feedback to ensure code quality and maintainability.
- Demonstrated exceptional problem-solving skills by identifying and implementing optimal approaches for project challenges.
- Independently managed and completed assigned tasks within stringent timelines, contributing significantly to project success.
- Resolved daily issues through meticulous debugging and contributed to the development process by writing comprehensive test cases.
- Crafted and deployed APIs, showcasing practical expertise in SQL for efficient data management.
- Created responsive and reusable UI components.

PROJECTS UNDERTAKEN

Single ID July '23 - Oct '23

Simplifies access, enhances security with real-time anomaly detection, and streamlines account management by tracking usage records for authorized users.

TAVA App Aug '21 - June '23

TAVA app streamlines online presence with easy-to-use frontend and backend services for individuals and businesses.

Privacy Apr '21 - July '21

Privacy Dynamics anonymizes data for engineers and analysts using modern data stacks.
