EDUCATION

- ❖ **MCA** | Centurion University of Technology and Management, Bhubaneswar | CGPA: **8.45 (2025)**
- ❖ **B.Sc. (Chemistry)** | Udayanath College (Autonomous) of Science and Technology, Adaspur | **69% | 2022**
- ❖ **Class XII (Science)** | Udayanath College (Autonomous) of Science and Technology, Adaspur | **69% | 2019**

SKILLS

- ❖ **Languages:** Java, JavaScript, HTML, CSS, SQL
- ❖ **Technical Skills:** MERN Stack, Blockchain Technology, DBMS, Computer Networking, OS
- ❖ **Frameworks & Libraries:** Express.js, React.js, Tailwind CSS, Node.js, Next.js
- ❖ **Tools & Platforms:** Git, GitHub, VS Code, Postman, MongoDB Atlas, Linux.

PERSONAL PROJECTS

❖ **Full-Stack Traveling Website – Wanderlust**

Developed & deployed a dynamic travel website that allows users to explore destinations and view detailed information. Designed a responsive user interface using HTML, CSS, Bootstrap, and JavaScript. Built the back-end with Node.js and Express.js, integrated MongoDB for efficient data storage, and implemented REST full APIs. Added features like user reviews, and personalized recommendations to enhance the overall user experience. [LINK](#)

❖ **MERN Stack Social Media Platform – Instagram Clone**

Developed & deployed a social media web app like Instagram using the MERN stack and Tailwind CSS, featuring user authentication, image uploads, likes, comments, and follow functionality. Focused on a clean UI, optimized API performance, and real-time interactions. [LINK](#)

❖ **Zoom Clone – Full-Stack Video Conferencing Platform**

Developed a full-stack video conferencing platform inspired by Zoom, enabling real-time video calls, screen and chat functionality. The platform ensures a seamless virtual meeting experience with secure authentication and responsive UI.

PROFESSIONAL EXPERIENCE

Industry Mapped Skilled Course: Intense Technologies Ltd. & DSDE, Govt. of Odisha (Jan 2025 – Apr 2025) | 200 Hours Theory, 100 Hours Practical (2 Months) + 150 Hours Workshop (1 Month)

- Built projects applying Web3 technologies.
- Completed training on blockchain, smart contracts, and MERN.
- Attended workshop on advanced concepts & industry applications.

INTERNSHIP

❖ **MERN Stack Intern**

Tetra Trion Technologies Pvt. Ltd. Contributed to web development projects, creating front-end interfaces with React and back-end services using Node.js and Express.js. Managed databases with MongoDB, optimizing data handling and improving web application performance.

CERTIFICATES

MERN Stack Certification (Apna College)

- ❖ Completed a comprehensive MERN stack course, gaining hands-on experience in front-end and back-end development using MongoDB, Express.js, React, and Node.js.
