PROFESSIONAL EXPERIENCE

Intelgic

Associate Software Developer

04/2023 – 09/2023 | Kolkata, India

- Led the development of a dynamic platform enhancing customer experience for Lou Malnati's Pizzeria.
- Utilized NodeJS, AWS (EC2 Instances, DynamoDB, Lambda Function, SQS), JEST, and CircleCI.
- Successfully delivered innovative features, contributing to improved user satisfaction.
- Transformed user experience and optimized functionality within the Zendesk platform using ReactJS, Azure Pipeline, MaterialUI, JavaScript, and HTML5.
- Ensured seamless integration of design principles, resulting in an intuitive user interface.

PERSISTENT NETWORKS PVT. LTD.

Software Developer

07/2021 – 02/2023 | Bhubaneswar, India

- Spearheaded the development of the Freelly-car-pool Service, an innovative ride-sharing platform addressing transportation challenges in carpooling.
- Leveraged technologies such as NodeJS, MongoDB, ReactJS, ExpressJS, Redux, MaterialUI, and Bootstrap.
- Collaborated closely with clients to understand requirements and deliver tailored solutions.
- Developed a full-stack web application for a custom car auction platform, facilitating the buying and selling of unique and customized vehicles.
- Utilized technologies such as ReactJS, HTML5, CSS3, MySQL, and Sequelize(ORM).
- Contributed to the successful delivery of a robust and user-friendly application, enhancing the auction experience.

CERTIFICATES

- MERN Stack Developement
