

KIRTIMAN PADHI

Web Publisher

Seeking as a Web developer with a strong foundation in object-oriented programming and a passion for creating efficient, maintainable code. Eager to contribute my expertise in TeamSite, front-end development, and other CMS platforms while continuously learning and growing in a dynamic development environment.

Experience

December 2022– July 2024

Infosys Limited I Gurgaon

Process Executive – Web publisher

As a Web Publisher at Infosys, I served as a pivotal member of the web management team for one of the largest financial institutional clients.

- **Content Management:** Oversaw the end-to-end process of content management, including creating new pages, updating existing content, and ensuring consistency and accuracy across all client websites.
- **Project Management:** Led projects tailored for advisers and retail website enhancements, coordinating with stakeholders to deliver high-quality solutions that met business objectives and user requirements.
- **Market Support:** Acted as a designated resource for the Australia market, managing all web publishing activities and content updates across various websites, ensuring alignment with regional strategies and compliance standards.
- **Additional Responsibilities:** Handled tasks such as managing redirects, sitemaps, facilitating document publishing processes, and actively participating in Sprint management activities to ensure efficient project delivery and alignment with timelines.
Responsible for creating and managing sprints according to JIRA tickets and their descriptions. Prioritize and deprioritize tasks based on due dates and the criticality of assigned tickets. Share sprint reports with leads and requesters at the end of each sprint.

Academics Projects
