About Me

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately. Seeking an environment that fosters personal and professional growth, empowering me to excel and contribute effectively. Eager to leverage my skills and knowledge to drive impactful results while continually evolving and adapting to new challenges.

Professional Experience

Sainaatech IT Solution

Feb-2023 to Present

As a Full Stack Developer, I am entrusted with the end-to-end development of web applications, encompassing both front-end and back-end responsibilities. This includes designing intuitive user interfaces, implementing robust server-side logic, and optimizing application performance for enhanced user experience. Proficient in a diverse range of programming languages, frameworks, and databases, I collaborate closely with cross-functional teams to deliver scalable and responsive solutions aligned with business objectives.

Completed over 30+ management projects, showcasing proficiency in project planning, execution, and delivery. Managed cross-functional teams and resources to ensure timely and quality-driven outcomes aligned with organizational objectives.
