PERSONAL EXPERIENCE

My Portfolio website (<https://girijanov7.github.io/myPortfolio/>)

The above link is my personal portfolio link. which I have build using HTML, CSS and React.js. In my website I have mentioned about myself, top projects i have worked on my previous company and contact form where any one can contact me. In this project i have used bootstrap, npm packages for animation, scrolling effect and lot more.

Covid-19 data live tracker

I build this project by using web technology like Javascript and React.js library. I have used an API and store all the country wise data in a table format.

Weather App

By using React.js I have build this app. Here I have used an API to show all the weather info. By searching Here you can get any city, state, country weather info.
