SKILLS AND PROFICIENCIES

- JavaScript, Type Script, Node.js, Express.js, NPM, Mongo DB, MySQL, RESTful APIs, React, Git Hub, Git, Jira
- Teamwork, multitasking, and attention to detail
- Software and web application development

ASSET TELEMATICS PROJECTS

- Plat4m-:php, Node
- JIOHumsafar-: NodeJS
- Vridhee-:NodeJs , React

ALYSIAN CREATIVE PROJECTS

- Uniform E-commerce System
- Spare Hands-: NodeJs

LANGUAGES

- English
- Hindi
- Odia

EDUCATIONAL BACKGROUND

Bachelor of Computer Science
Utkal University, Bhubaneswar, Odisha | 2016

Results-oriented and highly skilled **Software Engineer with 5 +years** of hands-on experience in developing, and maintaining scalable web applications using **Node.js, React, MongoDB, MySQL, and Express**. Proven track record of delivering high-quality software solutions in fast-paced and challenging environments. Adept at collaborating with cross-functional teams and clients to drive project success.

WORK HISTORY

Software Engineer
Asset Telematics Pvt. Ltd.
| Nov 2021 - Present

Actively worked in an agile software development environment which utilized the Scrum process.

Developed and maintained scalable and high-performance web applications using Node.js, Express.js, MongoDB, MySQL and Angular.

Collaborated with the frontend team to integrate server-side logic with user-facing elements, ensuring a seamless and responsive user experience.

Designed and implemented RESTful APIs to facilitate communication between the frontend and backend systems.

Optimized database queries and ensured database performance by fine-tuning indexing and schema design. Implemented authentication and authorization mechanisms to enhance application security.

Software Developer
Alysian Creative Pvt. Ltd.
| Aug 2018 - Jul 2021

Assisted in the development of web applications using Node.js, Express.js, MongoDB, MySQL and Php.

Participated in code reviews and contributed to the improvement of coding standards and best practices.

Implemented features and bug fixes, ensuring code quality and adherence to project specifications.

Collaborated with cross-functional teams to gather and analyse requirements, providing technical insights and recommendations.

JIO HUMSAFAR

- Jio Humsafar is an application designed for vehicle owners to ensure the well-being and security of their vehicles. The application serves multiple purposes with a focus on providing real-time information and alerts related to the vehicle's health and activities.

Key Features Include

- Vehicle Health Monitoring
- Alerts
- Tracking History
- Speed Monitoring
- Time Tracking Monitoring

- The Jio Humsafar application aims to empower vehicle owners with comprehensive data and timely alerts, enhancing their ability to manage and secure their vehicles effectively. This kind of application is particularly useful for fleet management, ensuring the safety of vehicles, and promoting responsible driving behavior.
