Objective

Seeking a challenging career with a progressive organization that provides an opportunity to capitalize my technical skills and abilities in the field of information technology.

Projects

Responsive Web Pages – 17/09/2022 to 28/09/2022

- Developed websites with Interactive interfaces by using CSS-3 and HTML-5.
- Create web apps for solving real-life problems by using React.
- Used React for developing the front-end of the website.

Ecommerce Website – 02/10/2022 to 20/10/2022

- Made home page which includes - search menu,products category,card,details of the site,account section etc. In the product page by clicking on any product category it shows the list of all the products.
- Display product details,material details,description about the brand,reviews,delivery and service details. It will display sort and filter functionality.
- Validation involved like before adding the product user needs to select the quantity and size.
- Add to cart changed into GO to cart. Users can remove and edit the cart value,etc.
