Experience

Freelance

2023 - Present

Web Development | UI/UX Design | Social Media Creative Design | SEO

- Managed the initial discovery phase to understand client business goals and technical needs for over 50 projects.
- Managed WordPress environments, handling the installation and configuration of custom themes and plugins to meet specific functional needs while ensuring responsive, seamless user experiences across mobile, tablet, and desktop devices.
- Creating Figma design prototypes and defining the visual structure before development
- Designed and managed social media creatives using Canva, delivering engaging, platform-specific visual content.
- Conducted complete website analyses to identify technical issues, broken links, and opportunities for optimization.
- Provided ongoing website maintenance, security updates, and performance monitoring to ensure long-term stability for clients.

WordPress Developer

Sep 2021 - Apr 2023

Raizzon Infotech LLP

- Manage the complete lifecycle of wordpress development, converting Figma/PSD designs into fully functional, responsive WordPress sites using page builder Elementor and custom code.
- Manage site performance by implementing caching mechanisms, image optimization, and minification of CSS/JS.
- Oversaw website migrations from local development environments to live servers, or between hosting providers.
