TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C/C++, SQL, HTML, CSS

Databases: MongoDB, MySQL, SQL Server

Frameworks/Libraries: React.js, Next.js, Node.js, Express.js, Redux, Material-UI, Tailwind CSS

Cloud & DevOps: AWS, Docker, Git

Tools: VS Code, Postman, Git

EXPERIENCE

Full Stack Developer

Sep 2023 – Present

Globus Labs

India

- Designed and developed a logistics tracking system for Emirates Logistics using React.js, Express.js, Node.js, and SQL Server.
- Implemented an Excel upload system to track ASN and GRN and enabled PO number search functionality.
- Developed an analytics module to visualize logistics data for better decision-making.
- Handled both frontend and backend development, ensuring smooth API integration and database management.

Frontend Developer

Jan 2023 – Sep 2023

Globus Labs

India

- Developed responsive and interactive web applications using React.js, Tailwind CSS, and Material-UI.
- Collaborated closely with designers to implement user-friendly UI components and ensure a smooth user experience.
- Managed state and handled asynchronous data using Redux for dynamic front-end features.
- Developed a task management application to streamline workflow and enhance productivity.

PROJECTS

E-commerce Application | *Next.js, TypeScript, Express.js, Node.js, MongoDB, Stripe*

- Developed a full-fledged e-commerce platform using Next.js for the frontend with TypeScript and Express.js with Node.js for the backend.
- Implemented a microservices-based architecture to enhance scalability and maintainability.
- Integrated Stripe as a payment gateway for seamless credit/debit card transactions.
- Enabled users to browse products, add multiple items to the cart, and track order statuses post-payment.

Task Management System | *React.js, Express.js, Node.js, MongoDB, MySQL*

- Designed and developed a task management system for teams to assign, track, and manage tasks with deadlines.
- Implemented automated email notifications for overdue tasks sent to team leads and assigned users.
- Enabled real-time tracking of task progress and monthly task scheduling.
- Integrated SMS and WhatsApp notifications for task updates and reminders.

EDUCATION

ARKA JAIN UNIVERSITY

Master of Computer Applications (MCA), Computer Science

- Grade: CGPA 8.42

Jamshedpur, Jharkhand

Aug. 2021 – May 2023

ARKA JAIN UNIVERSITY

Bachelor of Computer Applications (BCA), Internet of Things (IoT)

- Grade: CGPA 9.05

Jamshedpur, Jharkhand

Aug. 2018 – May 2021

CERTIFICATIONS

Certificate of Web Development Bootcamp

Certificate of Security Fundamentals (Microsoft Technology Associate)

Certification in Internet of Things (IoT)
