CAREER OBJECTIVE

MCA graduate with hands-on experience in Java, Spring Boot, and MySQL, seeking an entry-level Software Developer / Java Developer role to build scalable web applications.

WORK EXPERIENCE

Programmer Analyst, Strategic Research Insights Jul 2024 – Present

- Contribute to development and enhancement of an internal SSI tool.
- Execute critical development tasks independently during project phases.
- Work under pressure and deliver solutions with minimal supervision.
- Use SPSS Editor to filter, clean, and prepare data for analysis and reporting.

Java Full Stack Intern, Upskalaor Technology Dec 2023 - Mar 2024

- Developed web applications using Java, Spring Framework, and Hibernate.
- Built responsive interfaces using HTML, CSS, JavaScript, Angular, and React.
- Integrated REST APIs and worked with MySQL databases.

PROJECT

1. Online Shopping Web Application

- Developed backend modules using Java, Spring Boot, and Hibernate.
- Built responsive UI using HTML, CSS, and JavaScript.
- Integrated REST APIs for application functionality.
- Managed MySQL database operations including queries and optimization.

2. Email Verification API

- Created a standalone Spring Boot REST API to handle email verification via OTP.
- Used JavaMailSender for sending OTPs to user email addresses.
- Validated OTPs with expiration logic and ensured secure registration flow.
