

Seeking a challenging position in the Software Industry where I can leverage my skills and experience as a UI Front-End Developer. Committed to innovation and eager to work in a dynamic environment that fosters creativity and provides continuous learning opportunities. With a proven track record in UI development, I am prepared to contribute effectively to projects and drive meaningful outcomes.

Skills:

- Structuring & Presenting content on Web using **HTML5**.
- Describing the presentation of a document in HTML via **CSS & Bootstrap5**.
- **JavaScript** Programming Language & **jQuery** Library to develop Web Page.
- **React.js** library use for design interactive UI.
- **Material UI**

EXPERIENCE:

UI Front-End Developer

Finbot Pvt Ltd. (Madhapur, Hyderabad)

June 2023 – Present

- Led frontend development for a pivotal UI-based project, implementing efficient customization with over 400 dummy sections and 60 templates.
- Integrated companion section images into the company's library for seamless template creation.
- Implemented user-friendly features such as color box for text customization and drag-and-drop functionality.
- Streamlined animation integration using CSS for impressive 2D and 3D effects, including the implementation of CSS animations to the site without manual coding, enhancing visual appeal effortlessly.
- Designed the complete UI for the company's main website, focusing on intuitive layout structures, visually appealing elements, and seamless navigation pathways to optimize user experience and drive higher engagement metrics.

Junior Developer

PIUS Engineering System (Madhapur, Hyderabad)

November 2022 – May 2023

- Worked at [pius Engineering], showcasing versatility in diverse web development projects.
- Implemented OTP-based password recovery via email in a Laravel and PHP project.
- Developed a dynamic six-page template using React with Material UI, integrating responsive design and customizable dark/light themes. Additionally, seamlessly integrated third-party APIs to present data in a user-friendly interface, enhancing platform functionality and usability.
