

ROHIT KUMAR

Software Engineer

+91-8130261281 @ chauhanrohit533@gmail.com https://www.linkedin.com/in/rohit-kumarr/ Gurugram, India

SUMMARY

Fluent in React, Redux, Javascript , Typescript , HTML , CSS . Having overall 2+ years of experience at GlobalLogic as a dynamic Software Engineer skilled at developing complex solutions and possessing strong creative thinking skills, high energy and integrity.

EXPERIENCE

Associate Software Engineer

GlobalLogic 12/2021 - Present Gurugram

- Created a professional user interface using ReactJS and a component-based structure to seamlessly showcase automated extractor-extracted data, optimizing data presentation and user interaction.
- Implemented Redux toolkit state management solution, optimizing data flow and ensuring seamless synchronization across the application.
- Proficiently managed data extracted from automated processes using MongoDB and SQL Server, and leveraged React for efficient distribution.
- Integrated React's virtual rendering with Nodejs, Expressjs, and MongoDB to enhance application performance, leading to a substantial 12% reduction in incorrect offers displayed on the platform.

PROJECTS

React-Netflix-GPT

https://github.com/rohitchauhan533/netflix-gpt

Technologies Used: Reactjs, Redux, Firebase, TailwindCSS, TMDB API, OpenAI API.

- Developed a feature-rich movie recommendation web app using React, Firebase, and third-party APIs, offering user authentication, dynamic routing, GPT-powered search, and a responsive design for an immersive movie browsing experience.

Notes-Taker - Web Application

https://github.com/rohitchauhan533/note-maker

Technologies Used: Reactjs, Redux, MongoDB, Nodejs, Expressjs, Bootstrap

- Architected and implemented a note-taking web application with robust user authentication, leveraging the MERN stack (MongoDB, Express.js, React with Bootstrap) for data storage, front-end design, and state management.
- The system enables users to perform CRUD operations on notes and customize their profiles for an enhanced user experience..

Foodiee - Web Application

https://github.com/rohitchauhan533/Foodiee

Brief:Website for a food ordering platform

- Created responsive UI using Parcel.JS, React.JS along with redux using optimal UI creation using generic components for reusable code functionality.

SKILLS

Programming

JavaScript

TypeScript

Libraries/Frameworks

ReactJs

Redux Toolkit/Redux

Nodejs

Expressjs

Bootstrap

Material UI

Web Technologies

HTML 5

CSS 3

Tailwind

Postman

DataBases

MongoDB

SQL

Version Control

Git

ACHIEVEMENTS

Alpha Player Award

He is one of the members who learned by his own He has good numbers on board along with that he is a very good team player & a great addition to the team.

EDUCATION

B.Tech(Computer Science)

Maharshi Dayanand University

08/2017 - 08/2021 Gurugram
