Digikull Private Limited

MERN Stack Web Developement
2023 – present

About Me

A highly organized and hard-working individual is seeking a responsible position to gain practical experience. I am eager to kickstart my career as a Full Stack Developer. Possessing a solid foundation in web development technologies such as HTML, CSS, and JavaScript, and proficiency in front-end frameworks like React and back-end frameworks like Node.js, I am well-equipped to contribute to dynamic and innovative projects. I am enthusiastic about continuous learning and adapting to emerging technologies in the rapidly evolving tech landscape. With a passion for creating efficient and user-friendly applications, I am eager to contribute my skills and dedication to a dynamic development team.

Professional Experience

aarvee associates of architects engineers | civil engineer

2021 – 2023
