Experience

October 2022 - present

Teceads , Bhubaneswar

PHP Developer

During my tenure at Teceades , I excelled as a PHP developer with a specialization in Laravel. Leveraging my expertise, I played a key role in designing, implementing, and maintaining Laravel-based applications. Collaborating closely with cross-functional teams, I actively contributed to problem-solving initiatives and ensured the timely delivery of project milestones. My dedication to staying updated with the latest industry trends and best practices further enhanced my contributions to the team's success.

April 2022 - September 2022

Muvi Entertainment Pvt. Ltd , Bhubaneswar.

Associate Software Engineer

Played a pivotal role within the Billing Pod, collaborating with cross-functional teams to design and implement innovative billing strategies that optimized revenue collection and minimized churn rates.

Projects

Restaurant Ecommerce System (Laravel & PHP)

Developed a robust Restaurant E-commerce System using Laravel and PHP, incorporating secure user authentication, seamless online ordering, and payment processing. Applied best practices for code optimization, scalability, and collaborated with cross-functional teams to ensure a user-friendly and high-performance application.

Personal Portfolio Website (HTML, CSS, JS)

Created a visually appealing personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and achievements, demonstrating proficiency in front-end web development.

Online Library Management System (PHP)

Developed an efficient and user-friendly online library management system in PHP, automating cataloging, borrowing, and tracking of library resources, improving overall library operations.
