Education

Gandhi engineering college under Biju Patnaik university of technology <i>Bachelor of Technology –Electrical and Computer Engineering(Computer major) (CGPA 8.39)</i>	Sep 2021 - Present Bhubaneswar , Odisha
Maharishi college of natural law higher secondary School <i>Senior School Certificate Examination (73.66%)</i>	June 2021 Bhubaneswar , Odisha
Saraswati Sishu vidya mandir <i>Secondary School Examination (72%)</i>	May 2019 Bhubaneswar , Odisha

Projects

Number guessing game : Tech-HTML, CSS, Java script

- A dialogue box is displayed where user is asked to enter the guess number.
- Computer tells if the guess number matches or it is higher/lower than the one it generated.
- The game continues until the user guesses the computer number.

Resize and image compressor: Tech-HTML, CSS, Java script

- Developed a web based image resizing and compressing tool to optimize image for web use.
- In my Image Resizer & Compressor tool, users can upload an image and resize its width & height or reduce its size.
- Created a user-friendly interface with HTML and CSS, ensuring responsiveness across devices.

Frontend code editor: Tech-HTML, CSS, Java script

- where users can instantly view the rendered output of their code changes.
- The editor continuously parses and displays code changes without requiring a manual refresh.
- Users can instantly see how their code looks and works.

E-commerce website (ongoing project) :Tech-HTML, CSS, Java script

- Developed Livia E-commerce Website, a user-friendly platform for purchasing indoor plants.
- Integrated interactive features such as product filters, hover effects, and smooth navigation to enhance user experience.
- Focused on eco-friendly gifting options, promoting sustainability through product offerings and design principles.
