PROJECTS

MOVIE STAR

July 2021- Aug 21

- Made a movie downloader page from where you can search 100+ movie and see review of the movie comment on it and download it as well, user can search movie it can also add comments on the particular movie.
- Some features added like pagination, tags filter like Bollywood, Hollywood 720P etc. and for watching and downloading the movies, I have used different online streaming platforms like: Cloudvideo, Streamtube etc...
- Technologies: ReactJS, Node JS, Mongo DB, Material UI, ExpressJS
