

SHANTANU KUMAR MUDULI

SOFTWARE DEVELOPMENT ENGINEER IN TEST (SDET) | AUTOMATION & API TESTING

Bhubaneswar, Odisha • +91 - 9778871176 • mudulishantanu3@gmail.com • [Linkedin](#)

SUMMARY

Software Development Engineer in Test (SDET) with **4+ years of experience in Automation Testing, Manual Testing, and API Testing** across **ERP, Healthcare, Fleet Management, and Document Management systems**. Proven expertise in designing and maintaining **Java-based automation frameworks** using **Selenium WebDriver, TestNG, Maven, and Rest Assured**, resulting in significant regression cycle reduction and improved test coverage. Strong hands-on experience with **REST API validation, SQL-based backend testing**, and **CI/CD pipeline integration using Jenkins**. Adept at working in **Agile Scrum environments**, collaborating with cross-functional teams, mentoring junior testers, and ensuring quality, scalable software delivery.

SKILLS

Testing & QA

- Manual Testing, STLC, SDLC, Defect Life Cycle
- Regression, Smoke, UAT, and Cross-Browser Testing
- Test Case Design: BVA, Equivalence Partitioning, Decision Table, State Transition.
- Defect Tracking, Prioritization & Root Cause Analysis (RCA).
- Agile Scrum (Sprint Planning, Daily Standups, Retrospectives).

Automation Tools & Frameworks

- **Selenium WebDriver**, TestNG, Maven.
- **Java**: OOPs, Collections, File I/O, Exception Handling, Strings, Arrays.
- Java 8: Streams, Lambda Expressions.
- Automation Frameworks: **POM, Page Factory, Data-Driven, Hybrid**.
- BDD with **Cucumber (Gherkin)**.
- Writing reusable, maintainable, SOLID-compliant automation code

API & Database Testing

- REST API Testing using **Postman** (CRUD, schema validation, environments).
- API Automation using **Rest Assured** (JSON/XML validation, headers, auth).
- Authentication: OAuth2, JWT, Basic Auth.
- **SQL**: Joins, CRUD operations, Stored Procedures, Triggers.
- UI vs Database data validation.

CI/CD & Tools

- **Jenkins** (CI/CD pipeline integration).
- GitHub (Version Control, Branching, Merging).
- Data validation between UI and DB
- Confluence (Documentation).

Productivity & AI Tools

- Jira & Bitrix24 for defect tracking & test management
- MS Excel for test data, pivot tables & reporting
- AI tools: **ChatGPT** for test case generation, bug analysis & code optimization

WORK EXPERIENCE

Software Test Engineer, EPSUM LABS PVT LTD, Bhubaneshwar, Odisha

Jun 2025 - Present

- Planned and carried out 150+ test cases covering **functional, regression, smoke, and UAT testing**, achieving **95% defect detection efficiency**
- **Engineered and sustained a Hybrid Automation Framework** using **Selenium WebDriver, Java, TestNG, and Maven**, reducing regression execution cycle time by **60%**
- **Systematized** 50+ UI test scenarios using **Page Object Model (POM)**, explicit waits, resilient locator strategies, and reusable Java utilities
- **Validated and automated** 50+ REST API endpoints using **Postman and Rest Assured**, verifying status codes, headers, and JSON responses
- **Enabled CI/CD automation** by integrating test suites with **Jenkins pipelines** for scheduled and on-demand regression execution
- **Verified backend data integrity** through **SQL-based validation** across multiple ERP modules
- **Monitored and resolved** 150+ defects in close collaboration with developers, performing effective root cause analysis
- **Guided junior testers** on automation best practices, test design techniques, and **Agile Scrum processes**

Software Test Engineer, DIETARY BUSINESS INTELLIGENCE PVT LTD
(FORMERLY JEEVA ORGANIC PVT. LTD.), Bhubaneswar, Odisha

Nov 2022 - Oct 2024

- **Created and maintained** 300+ test cases across **ERP and Document Management systems**, ensuring comprehensive functional and regression coverage.
- **Strengthened and optimized a Hybrid Automation Framework**, improving regression testing efficiency by **60%**.
- **Implemented** UI and API test flows using **Selenium WebDriver, Java, Postman, and Rest Assured**.
- **Performed backend verification** using **SQL joins and CRUD operations** to ensure data accuracy.
- **Contributed actively to Sprint Planning, Daily Stand-ups, UAT cycles, and Defect Triage meetings** in an **Agile Scrum environment**
- **Controlled and closed** 150+ defects using **Jira and Bitrix24**.
- **Supported junior team members** in Java automation frameworks, testing strategies, and best practices.

Software Engineer, Orisys Infotech PVT LTD, Bhubaneswar, Odisha

Aug 2020 - Nov 2022

- **Performed** 200+ test cases across **functional, regression, smoke, and UAT testing phases**
- **Accelerated regression cycles by 40%** through automation framework implementation
- **Ensured backend data accuracy** through SQL-based validation
- **Partnered with cross-functional teams** to analyze defects, support fixes, and ensure timely release delivery

PROJECTS

MAITHAN ERP , Epsum Labs Pvt Ltd

Jun 2025 - Present

- **Validated** Plan Creation, Plan Approval, Purchase Order, and Gate Pass modules across core ERP workflows
- **Achieved 100% test coverage** for business-critical ERP functionalities through functional and regression testing
- **Enhanced reusable Java utilities** to improve automation stability and maintainability

GPS FLEET MANAGEMENT , Epsum Labs Pvt Ltd

Sep 2025 - Present

- **Verified** Vehicle Creation, Driver Assignment, Geo-Fencing, and Location Tracking functionalities
- **Executed REST API** validation using **Postman and Rest Assured** for backend service verification
- **Monitored and resolved** 70+ defects, achieving a **98% resolution rate**

ASTERDOCS DOCUMENT MANAGEMENT SYSTEM , Dietary Business Intelligence (DBI)

Dec 2022 - Oct 2024

- **Led functional and regression testing** for document upload, approval workflows, and role-based access control (RBAC)
- **Streamlined critical workflows** through automation, improving system stability and reliability

FIND SUPPLIERS, Dietary Business Intelligence (DBI)

Mar 2024 - Oct 2024

- **Reviewed user stories and prepared** 100+ test cases to ensure comprehensive functional coverage
- **Applied REST API testing** and **validated third-party integrations** for data accuracy and consistency

MIS OFDC , ORISYS INFOTECH PRIVATE LIMITED

Aug 2020 - Nov 2022

- **Implemented integration and system testing** to ensure compliance with healthcare standards
- **Developed automation scripts** for core modules and ensured **cross-browser compatibility**

EDUCATION

Master In Computer Application(MCA) ,Bhubaneswar,Odisha

Oct 2010 - Dec 2013

Under Biju Pattanaik University Of Technology, Rourkela

- Full-time 3-year Master degree in **Master In Computer Application (MCA)** with consistent academic performance | **CGPA-7.1**
