ABOUT ME

I am a highly motivated and passionate 3D Artist with a proven ability to create high-quality models and textures. In addition, I possess a strong understanding of game art and production processes, and have developed solid video editing skills to enhance visual storytelling. With extensive knowledge of 3D computer graphics and a talent for quickly grasping a project's mission, vision, and values, I am eager to contribute my expertise in both 3D art and video editing. I am seeking career growth opportunities where I can apply my skills to deliver exceptional results for the organization while continuing to grow professionally.

WORK EXPERIENCE

3D Artist

Nextech3D.AI

Hyderabad

06/2024-NOW

- At Nextech3D.AI, had the privilege to work on the creation of highly realistic 4K photorealistic 3D assets for Amazon
- These assets were specifically crafted to enhance the immersive AR & VR 360 viewing experience, pushing the boundaries of visual fidelity and user engagement
- Additionally, I played a pivotal role in developing virtual try-on experiences for shoes, contributing to the evolution of the Metaverse

3D Artist

NextGene SPL

Noida

01/2023-02/2024

- Embraced the exciting challenge of crafting immersive 3D models and environments for a diverse range of clients
- As a leading designer at SleepyCat, a premier mattress brand, I created engaging virtual environments to effectively showcase their products
- Collaborated with Hawkins, an esteemed client, to push the boundaries of my 3D modeling skills by creating intricate and realistic 3D models

Jr 3D Artist & Designer

Hoansi Studios

Remote

04/2021-11/2022

- As Jr artist & Designer at Hoansi Studios, had the opportunity to take on diverse responsibilities
- Creating 3D house interior props, furniture, shoes to match nearly as in the real life, to look good in AR for the customer of Amazon and give them a good understanding how the product looks in there house.
- Furthermore, I have demonstrated expertise in motion graphics, utilizing tools like After Effects and Premiere Pro to create compelling advertisements that effectively engage target audiences.
