Gokarnika Higher Secondary Education

📅 July 2019 - Apr 2021

Board of Secondary - 70%

Viveka Nanda Sikhya Kendra

📅 May 2018 - June 2019

PROJECTS

Hotel Management System

- Built a Hotel Management System website is a web-based application that allows the hotel manager to handle all hotel activities online. I have used HTML, CSS, JavaScript, Font-awesome icons are Technology used. Interactive GUI and the ability to manager various hotel bookings and rooms make this system very flexible and convenient.

Supply Chain Management System

- I have made a Supply Chain Management System using Java, JSP & MySQL database to store & modify data entered into the GUI. Made the UI using Java Swing.

Veronica Assistant

- I have made a Veronica Assistant is a virtual assistant program. It is responsible for all performance ordered by the User. Used Python programming language and PyCharm tool to build the entire program. Use MySQL to store user information for authentication.

Criminal Record Management

- The Criminal Record Management System Project in Java is a fully functional desktop application written in Java programming language. Used MySQL database to store & developed in Java and JSP.

MCQ Portal Application

- MCQ Portal Application is a python based project. We have developed MCQ Portal Application using Python GUI and MySQL.

HOBBIES

- Playing in Cricket.
- Listening to Music.
- Learning new Skills.
