WORK EXPERIENCE

Full Stack Web Developer Intern

Oct 2024 – Dec 2024

Codtech It solutions

- **E-Commerce Grocery Store:** Developed a basic grocery store application with features like user registration, login for secure ordering, product browsing, shopping cart, and order placement. Integrated REST APIs for user authentication, product management, and order processing. The backend includes an admin interface for adding, updating, and deleting products.
- **Portfolio Website:** Designed a personal portfolio site using Django, showcasing of my skills dynamically. Focused on a user-friendly interface with responsive design for various devices.

PROJECTS

Real-Time Chat Application using Django / **Key skills:** Python, Django, Mysql, HTML, CSS, Bootstrap

- * Built a real-time chat application using Django with user authentication and dynamic chat rooms. Enabled one-to-one messaging, message search, and timestamp conversion to IST. Used Django ORM with Q objects for efficient message filtering. Sorted user chats based on recent activity for a seamless user experience.

Django REST API for Google Drive Uploads / **Key skills:** Python, Django, MySql, RestAPI

- * Created scalable APIs to upload and manage employee files linked to Google Drive. Automated folder structuring by file type and date, enhancing organization and retrieval. Enabled secure uploads with real-time Drive view links and detailed error handling. Leveraged Django ORM and serializers for clean, maintainable backend logic.

Admin Dashboard with Task Management, User Control, and API Integration / **Key skills:** Django, MySql, RestAPI, HTML

- * Built a Django-based admin dashboard for managing users and tasks, integrated with APIs for task tracking and user data management. Utilized Chart.js for task status visualization and implemented backend logic to ensure seamless interaction between frontend and API endpoints.

TECHNICAL SKILLS

Languages: Python, MySql, HTML, CSS, JavaScript, Sqlite

Frameworks: Django, ReactJs, RestAPI, Bootstrap

Developer Tools: Git, Github, VSCode

EDUCATION

Siddharth Institute of Engineering and Technology

B.Tech — CGPA: 8.22

Puttur, Tirupathi Dist

2021 – 2024

Pydah Polytechnic

Diploma — Percentage: 86.4%

Patavala, Kakinada Dist

2018 – 2021

Siddhartha EM High School

SSC — GPA: 9.7

Bhattiprolu, Bapatla Dist

2017 – 2018

CERTIFICATIONS

Python Basic / By HackerRank

Responsive Web Design / By freeCodeCamp

Python Developer Intern / By Codsoft

Full Stack Python / By Naresh IT
