ABOUT

I possess knowledge in various programming languages, including JavaScript, which plays a crucial role in the MERN (MongoDB, Express.js, React, Node.js) stack. In addition to my software expertise, I bring experience in hardware and networking, making me well-rounded in both software development and system-level understanding.

PROJECTS

E-commerce (React)

Footland | [Github](#)

- Developed a fully functional e-commerce website by leveraging React.js, showcasing my proficiency in front-end development and delivering an intuitive user experience.
- Utilized React Bootstrap and custom CSS to achieve a responsive and visually appealing design.
- Implemented state management using the useContext hook for efficient data sharing.
- Incorporated useRef for managing and interacting with DOM elements, enhancing user experience

Video Streaming (React)

Netflix Platform | [Github](#)

- Designed and developed a dynamic Netflix-style video streaming platform using React.js.
- Leveraged the useState, useEffect, and useContext hooks for state management and API integration.
- Integrated the IMDB API to fetch and display movie information and posters.
- Created an engaging user experience with a wide range of movie choices and dynamic content updates.

Freelancer Job site (MERN)

Fiverr | [Github](#)

- Designed and developed a dynamic Fiverr-style freelancer job platform using React.js.
- Leveraged the useState, useEffect, and useContext hooks for state management and API integration.
- Integrated MongoDB for efficient data storage and retrieval
- Backend using Node.js, Framework express.js
- Implemented TypeScript to improve code readability and maintainability
- Ensured type safety for a more robust development process
- Integrated Material-UI components to achieve a consistent and attractive user interface

TECH SKILLS

- HTML
- CSS
- Bootstrap
- Javascript
- MongoDB
- React Js
- Node Js
- Next js
- Typescript
- Git

SOFT SKILLS

- Communication
- Time management
- Observation
- Decision making
- Multi-tasking
- Adaptability
- Team work
- Team Management
- Presantation
- Self Learning

SOFTWARE KNOWLEDGE

- 3Dx Max
- Maya
- AdobePhotoshop CC
- Adobe Illustrator
- Tally
- Microsoft Excel
- Microsoft Word
- Microsoft Power Point
- Linux OS
- Microsoft OS

PROFESSIONAL EXPERIENCE

Full Stack Developer

Bridgeon Solutions LLP. | 2023- 2023

- Managed calendars, scheduled appointments, and arranged meetings and conferences
- Prepared and distributed reports, presentations, and other materials
- Handled confidential documents and maintained their proper organization
- Coordinated travel arrangements and accommodations for executives and guests

EDUCATION

AITMS India I Relent Cyber College , Thalassery

- Diploma in Hardware and networking
MAR 2010 – OCT 2010
