CARRER OBJECTIVE:

As a fresh full stack developer with expertise in React and JavaScript, I am eager to contribute to a dynamic and innovative team. I aim to enhance my technical knowledge, work on real-world projects, and collaborate with experienced developers. My commitment is to deliver high-quality solutions and leverage my passion for technology to positively impact the organization.

SOFT SKILL

- Critical Thinking
- Problem solving
- Team Work and Adaptability

TECHNICAL SKILL

- Client side : HTML, CSS, Java Script, React.js
- Server Side : Laravel, Node.js, PHP, Express.js
- Other : Salesforce, DSA, GitHub, SQL

EDUCATION

- . Bachelor of Technology, Computer Science & Engineering 📅 2021 – 2025
📍 Gandhi Institute Of Excellent Technocarts, Bhubaneswar
- . Council of Higher Secondary Education, Odisha 📅 2019 – 2021
📍 Science Higher Secondary School, Kukudakhundi
- . Board of Secondary Education, Odisha 📅 2019
📍 N.A.C. High School, Hinjili Cut

EXPERIENCE

Project-Intern at Weldx IT sol. Pvt. Ltd. 📍 Bhubaneswar, Odisha, India

- Achieved significant growth for a MERN stack application by effectively utilizing React, Node.js, and MongoDB.
- Developed a tourism website that retrieved real-time data from Google Sheets, stored it in a database, and dynamically displayed graphs and tables to visualize visitor statistics. Implemented a secure login page with user and admin authentication to manage access and permissions, ensuring a streamlined and secure user experience.

PROJECTS

• **Incredible Odisha:**

Led the development of the "Incredible Odisha" website using HTML, CSS, JavaScript, React, Express.js, and PostgreSQL. The site offers a comprehensive guide for visitors to Odisha, detailing districts, tourism spots, hotels, and traveler contact info. Responsibilities included full stack development, demonstrating problem-solving skills and a focus on user experience and efficiency.

• **Chat Application:**

Developed "Chat App" using React.js, featuring user login with automatic redirection to personalized pages, unique message links, and intelligent chat recommendations. Implemented secure authentication and designed the user experience, showcasing expertise in modern technologies.

• **AgriMarket:**

Developed "AgriMarket" using MERN stack, enabling secure user login, personalized dashboards, real-time product updates, and intelligent market trend recommendations. Designed an intuitive interface to streamline agricultural trading, showcasing expertise in modern web technologies.

Accomplishments:

- Earned a completion certification for MEAN stack training.
- Awarded "Best Project Idea" during my internship
- Earned a certificate for completing a 6-month Salesforce Training Program at KrazyTech Business Solutions Pvt. Ltd., Bangalore.
- Received a certificate from HackerRank for successfully clearing the Intermediate JavaScript assessment.
