PROFILE

UI/UX designer and front-end developer skilled in creating intuitive interfaces and coding responsive websites. Proficient in HTML, CSS, JavaScript, and design tools with a focus on user experience. Basic Japanese proficiency (JLPT N4).

PROJECT

- Coffee App

This coffee app design, made in Figma, helps users easily order coffee online. It has a simple layout and clear buttons for a smooth user experience. The design works well on both mobile phones and tablets.

- Responsive portfolio website

This responsive portfolio website was built using front-end technologies like HTML, CSS, and Bootstrap. It adjusts smoothly to different screen sizes, providing a great experience on both desktop and mobile devices. The design highlights projects and skills in a clean, user-friendly layout.
