WORK EXPERIENCE

Software Developer

Globallogic, a Hitachi Group Company

08/2021 - Present

Noida

Achievements/Tasks

- Optimized application performance by implementing code splitting, lazy loading, and minimizing HTTP requests. Deployed DOM Manipulation, ES6 concepts, AJAX, Redux, and REST APIs for dynamic functionality.
- Developed and maintained robust and scalable web applications using React.js, ensuring seamless user experiences across various devices and browsers.
- Managed application state effectively using redux to enhance performance. Added dynamic functionality by creating and dispatching action creators that deployed actions.
- Utilized Jest for unit testing, ensuring application stability and minimizing the risk of bugs.
- Participated in code reviews, providing constructive feedback and ensuring code quality.
- Designed responsive and visually appealing user interfaces using Bootstrap, Material-UI, and custom CSS.

Project Intern

LinuxWorld Informatics Pvt Ltd

06/2019 - 07/2019

Jaipur, India

Achievements/Tasks

- Learned & worked on various technologies (RedHat Linux, Python, Python-CGI, Ansible, Machine Learning(ML), Augmented Reality (AR), Hadoop, Docker).
- Developed a Music application and an Ecommerce website with Fake API integration.

EDUCATION

B.Tech (CSE)

BK Birla Institute of Engineering and Technology

08/2017 - 08/2021

Pilani, Aggregate- 78.33%

Senior Secondary Education

SMT. Jamuna Mishra Academy School

05/2016 - 04/2017

Pilani, Aggregate - 75.20%

SKILLS

JavaScript

ReactJs

HTML

CSS

AJAX

Redux

Typescript
