

Professional Summary:

Two years dedicated to Frontend design, forging a formidable skill set in web development aesthetics. I intricately craft dynamic web applications, seamlessly merging HTML, CSS, and JavaScript for immersive user experiences that exceed expectations. My journey embodies an insatiable pursuit of excellence, delivering innovative design solutions at the forefront of Frontend trends. I am not just a designer; I am a dynamic force shaping the visual landscape of web development.

Work Experience:

Currently, I am contributing my skills and expertise to Weblabs Technologies, where I have been a valued team member since May 2022. My tenure at Weblabs Technologies represents a continuous journey of growth and professional development, as I actively engage in leveraging my knowledge to contribute to the success of the team. Throughout this period, I have been involved in impactful projects and have played a key role in shaping the technological landscape of the organization. I look forward to continuing my journey with Weblabs Technologies, driving innovation and achieving new milestones in the realm of technology.

Skill Highlights:

- In my role, I've been busy crafting the backbone of applications, linking them seamlessly with web services. I've played around with PHP, HTML, CSS, and JavaScript to whip up both server-side and client-side code for projects.
- Working hand-in-hand with the marketing team, I've been part of the crew delivering tech solutions that make digital marketing dreams come true. Collaborating with clients and colleagues has been a highlight, focusing not just on projects but on building solid professional connections.
- My PHP prowess has been put to good use in creating user-friendly web applications and components. I've also taken charge of managing user authentication and authorization, keeping servers and various environments secure.
- All in all, I'm on a journey of tech and teamwork, ensuring our projects not only meet expectations but exceed them.

Certifications:

- Certificated by "Microsoft technology Associate" for completing "Introduction Programming using PYTHON".
- AWS Cloud Practitioner Certified
- Certificated by "Kosmik technology" for completing "Core java".

Education:

Bachelor of Technology from Malineni Perumallu Educational Society's Group of Institutions,
Pulladigunta (v), Vatticherukuru(m), Guntur, AP.
