"Currently pursuing an MCA, I am passionate about software development and eager to start my career in the tech industry. Skilled in creating intuitive, responsive interfaces and translating client needs into innovative solutions, I aim to leverage my technical expertise and analytical skills in an entry-level software development role. Excited to collaborate with teams on meaningful projects, I am dedicated to supporting your company's growth through my commitment to quality and technology."

EDUCATION

Trident Academy of Technology, Bhubaneswar MCA	CGPA: 8.43 (Last Semester)	Nayagarh Autonomous College B.sc, Physics	81.9%
Council of Higher Secondary Education ,Odisha Intermediate Science	76%	Board Of Secondary Education, Odisha Matriculation	71.8%

PROJECTS

Personal Portfolio

Created a responsive portfolio website using

JavaScript, HTML, and CSS that showcases contact details, skills, and personal projects. Enhanced user experience with interactive features and fluid scrolling.
