SUMMARY

Innovative and detail-oriented Front End Developer with over a year of experience crafting high-performing, visually engaging web applications. Proficient in HTML, CSS, JavaScript, and PHP, with extensive hands-on expertise in responsive design using Bootstrap and comprehensive backend development with Laravel. Skilled in React.js for creating dynamic, interactive UIs and Node.js for building robust backend services, while adeptly managing NoSQL databases like MongoDB. Demonstrated success in collaborating with UX/UI teams to deliver user-centric, conversion-focused digital solutions. Passionate about leveraging the latest web technologies and development best practices to drive efficiency, scalability, and seamless user experiences. Eager to contribute to forward-thinking teams while continuously advancing in modern web development practices.
