S O F T W A R E D E V E L O P E R

CAREER SUMMARY:

I am seeking a role in a company where I contribute my ideas and may be mentored towards a successful career.

WORK EXPERIENCE

Internship : National Institute of Electronics & Information Technology (NIELIT),Bhubaneswar

SKILLS

- Back-end web development
- Code structure and architecture:MVC(Model-View-Controller)
- Database:MongoDb,Redis
- ORM:Mongoose,Prisma,Postgres
- Programming languages(Python,Javascript,HTML,CSS)
- API Platform:POSTMAN,Thunder Client
- Framework: Node Js

PROJECTS

ROLE BASED AUTHENTICATION

- The project implements role-based authentication in Node.js using JWT and MongoDB. Users are assigned specific roles (e.g., admin, user), with access permissions managed via middleware. Secure authentication, token generation, and role validation ensure controlled access to API endpoints.

REAL-TIME CHAT APPLICATION USING SOCKET.IO

- Created a real-time chat app with Socket.IO and Express. Managed user connections, messaging, and authentication. Features include private chats, chat rooms, and online status. Skilled in JavaScript and WebSockets. write it for both javascript and python

RESTFUL API

- Proficiently designed, implemented, and optimized RESTful APIs using Express.js and Node.js, leveraging Mongoose and Prisma ORM for robust data modeling and MongoDB as the database. Skilled in creating, testing, and optimizing CRUD operations to ensure seamless data management and performance in web applications.

INSTAGRAM - MICROSERVICE BACKEND

- Developed a scalable Instagram-inspired microservice with Node.js, Express, Prisma, and MongoDB, featuring secure authentication, post management, and like services. Ensured efficient APIs, robust database integration, and modular architecture for scalability, performance, and future feature expansion.

FULLSTACK BLOG APP

- Developed a blog application using Node.js, Express.js, and Multer for file uploads. Implemented features include creating, viewing, and uploading blog posts with images. Utilized EJS for templating and body-parser for handling form data, resulting in a dynamic and user-friendly web application.

EDUCATION

MASTER'S IN COMPUTER APPLICATION -2022-24

College of IT and Management Education, Mancheswar, Bhubaneswar

BACHELOR OF SCIENCE (HONORS IN PHYSICS) -2017-20

U.N Autonomous college of science and technology, Adaspur, Cuttack

12TH IN SCIENCE-(2015-17)

Salipur junior college, Salipur, Cuttack

MATRICULATION -2015

Basudevpur High School,Basudevpur, Cuttack
