PROFESSIONAL SUMMARY

- Around 1.5 years of experience in developing scalable and secure web applications using PHP, Laravel, and MySQL. Proficient in Object-Oriented Programming (OOP) concepts and design patterns.
- Strong understanding of Object-Oriented Programming (OOP) concepts and MVC architecture.
- Proficient in backend development using PHP and Laravel, including RESTful API development and Eloquent ORM.
- Experience in building enterprise-level applications such as HRMS, Hospital Management System, CRM customization, and Visitor Management System.
- Skilled in frontend technologies including HTML, CSS, JavaScript, and Bootstrap for responsive web development.
- Hands-on experience in authentication, authorization, and Role-Based Access Control (RBAC).
- Experience in database design and management using MySQL and PostgreSQL.
- Familiar with version control (GitHub), API testing (Postman), and deployment tools including Vercel.
- Strong ability to work independently and collaboratively in team environments with a focus on delivering high-quality production-ready applications.

PROFESSIONALS EXPERIENCE

- **Software Developer** at IIG Technology, Bhubaneswar
October 2024 – Present
- **Software Intern** at Rixosys Pvt. Solution,, Bhubaneswar
January 2024 – June 2024

ACHIEVEMENTS

- **Awarded Best Group Leader during MCA for leading a team project, managing responsibilities effectively, and delivering a successful academic project.**

EDUCATION:

Level of Examination	Exam Passed	Board / University Institution	Duration	Year of Passing	Division / Grade
H.S.C	10th	B.S.E Odisha	Mar - 2014 to Apr - 2015	2015	1st
C.H.S.C	+2 Science	C.H.S.E, Odisha	Aug - 2015 to Jun - 2017	2017	2nd
Graduation	Bsc	Utkal University, Odisha	Jul - 2017 to May - 2020	2020	1st
Masters Degree	MCA	Gandhi Institute For Technology, Bhubaneswar	Mar 2022 to June 2024	2024	1st

TECHNICAL SKILLS

- **Web Skills:** PHP, Laravel, Wordpress
- **Frameworks:** Laravel (9,10,11), Bootstrap
- **Languages:** PHP, HTML, CSS, JavaScript
- **Databases:** MySQL, PostgreSQL (via pgAdmin)
- **Hosting Management:** cPanel (domain, database, and file management)
- **Methodologies:** MVC Architecture, RESTful APIs, Dependency Injection, OOP
- **Tools:** Composer, Artisan, Git, GitHub, Postman, VS Code
- **Web Servers:** Apache

PROJECT DETAILS

HRMS (Human Resource Management System)

- **Technologies Used:** PHP, MySQL, RESTful APIs, OOP
- **Duration:** December 2025 – Present (Ongoing)
- **Description:** Developed a web-based HRMS application to manage employee lifecycle including payroll, attendance, and leave tracking.
- **Responsibilities:**
 - Designed employee management and payroll modules using Laravel.
 - Implemented leave management and attendance tracking features.
 - Developed RESTful APIs for secure frontend–backend communication.
 - Implemented authentication and Role-Based Access Control (RBAC).
 - Optimized database queries using MySQL.

Hospital Management System

- **Technologies Used:** PHP, Laravel 11, OOP, MySQL
- **Duration:** March 2025 – August 2025
- **Description:** Built a hospital management system to streamline patient registration, billing, and reporting processes.
- **Responsibilities:**
 - Developed patient registration and billing modules.
 - Implemented report generation features.
 - Designed database schema and handled CRUD operations.

Visitor Management System

- **Technologies Used:** Laravel 10, MySQL, RESTful APIs, OOP
- **Duration:** January 2025 – February 2025
- **Description:** Developed a QR-based visitor entry system for real-time tracking and monitoring.
- **Responsibilities:**
 - Designed QR-based visitor entry and exit tracking.
 - Implemented real-time visitor logging and reporting.
 - Developed secure authentication and role management.
 - Ensured continuous improvement and maintenance.

Audio Book Management System

- **Technologies Used:** Laravel 11, MySQL, HTML, CSS, Bootstrap
- **Duration:** October 2024 – March 2025
- **Description** Developed a web-based Audio Book Management System with an admin panel to manage categories, audio uploads, and user access.
- **Responsibilities:**
 - Developed admin dashboard for managing audio books and categories.
 - Implemented secure audio file upload and storage handling.
 - Designed database schema for audio metadata and user management.
 - Implemented CRUD operations for category and media management.
 - Designed responsive UI using HTML, CSS, and Bootstrap.
 - Performed testing, debugging, and deployment support.

Centralized Admin Portal (Multi-Website Management System)

- **Technologies Used:** Laravel 12, MySQL, RESTful APIs, RBAC, HTML, CSS, Bootstrap
- **Duration:** October 2024 – Decemeber 2025
- **Description:** Developed a centralized Admin Panel to manage content across multiple websites from a single dashboard. The system supports role-based access control and allows administrators to manage Blogs, Newsletters, Notices, Events, Magazines, and Job Openings dynamically.
- **Responsibilities:**
 - Designed and developed a centralized admin dashboard using Laravel MVC architecture.
 - Implemented Role-Based Access Control (RBAC) to restrict access based on user roles (Admin, Editor, Content Manager).
 - Built dynamic content management modules for:
 - Blog Management
 - Newsletter Management
 - Notice & Event Management
 - Magazine Upload & Management
 - Job Opening Management
 - Developed functionality to select a specific website from the admin panel and publish content dynamically to the selected website.
 - Designed relational database structure to support multi-website content mapping.

OpenEMR Customization

- **Technologies Used:** PHP
- **Duration:** October 2024 – December 2025
- **Description** Customized healthcare modules and improved usability by implementing PWA features.
- **Responsibilities:**
 - Enhanced healthcare modules for improved workflow efficiency.
 - Developed PWA features for better accessibility.
 - Maintained and optimized existing modules.

Declaration

I hereby declare that the information furnished above is true to the best of my beliefs and knowledge.
